PROFESSIONAL SUMMARY

B.Com Commerce undergraduate at Mount Carmel College, Bangalore (2025–2028) with hands-on experience building DCF valuation models, FP&A budget reports, SQL financial databases, and Power BI executive dashboards. NPTEL Corporate Finance certified. Actively targeting roles in Investment Banking, Private Equity, Equity Research, and Corporate Finance.

PROJECTS & FINANCIAL MODELS

Project 1 — FP&A Budget Variance Model

Engineered a Q3 FP&A Budget Variance Model in Excel analyzing 10 expense line items across 5 departments. Built KPI cards, Chart.js visualizations, and favorable/unfavorable variance flags to track budget performance in real time.

Project 2 — NexGen Tech DCF Valuation & Financial Model

Built an integrated 3–Statement Pro Forma Financial Model (2026–2029) for a simulated tech company with dynamic Base, Bull, and Bear scenario switcher, EBITDA margin forecasting, WACC calculation, and a Two–Way DCF Sensitivity Matrix yielding a terminal valuation of ₹1,92,38,543.

Project 3 — Q3 Power BI Dashboard

Designed an interactive Power BI Desktop Dashboard for Q3 budget vs. actual variance analysis featuring custom DAX measures, category slicers, clustered column visuals, donut charts, and green/red conditional formatting for instant variance identification.

Project 4 — Tech Giants SEC Financial Database

Engineered a relational PostgreSQL 18 database ingesting 20 real SEC 10–K records (2021–2024) for 5 global tech titans (Apple, Microsoft, Amazon, Tesla, Alphabet), analyzing \$1.70 trillion in 2024 sector revenue. Wrote advanced SQL queries using RANK() OVER window functions, EBITDA margin calculations, and GROUP BY aggregations. Integrated with Power BI Executive Dashboard featuring custom DAX measures and a conditional formatting heatmap.

SKILLS

Financial Modeling & Valuation: DCF Valuation, 3–Statement Pro Forma Modeling, Scenario Analysis & Stress Testing, Sensitivity Analysis, FP&A Budget Variance Auditing, WACC, NPV/IRR

Data & Analytics: SQL, PostgreSQL 18, Power BI, DAX Measures, Financial Data Engineering

Tools: Advanced MS Excel (XLOOKUP, VLOOKUP, Data Tables), MS PowerPoint, Google Sheets

Finance Knowledge: Corporate Finance, Equity Management, Capital Structure, Discounting & Compounding, Financial Statement Analysis, Accounting Principles

EDUCATION
